Blue and White

The Blue and White school newspaper is a club geared towards students who value their own input and opinions on news that's happening around the globe, nation, or in the school building. Every month, members meet up to discuss current events, sports, or other topics of interest or debate. We applaud each group member's effort towards helping make the Blue and White a complete success.

Yearbook

Advisor: Johnetta Hudson

The Methuen High School Yearbook is open to students in all grades. Editors and staff members are responsible for the design, creation, marketing, and sales of the Yearbook. Planning begins in the spring, and editors attend a summer training workshop to design the cover and learn the many aspects of creating the book. The entire yearbook is created online, and all grades are covered. It is distributed to Seniors at the Senior Breakfast in May, and the rest of the school the next day. Many successful people have served as yearbook editors over the years, including Mr. Nick, who served as Editor-in-Chief of the MHS Yearbook when he was a senior.

Methuen High School's Peer Leadership program is designed for students who wish to be proactive in making positive changes in themselves, their community, their educational environment, and in others. Peer Leaders accomplish this by using positive peer influence to promote social responsibility in youth with opportunities to provide community service and model pro-social behavior. The Peer Leader Program also serves to strengthen the self-esteem of the student by providing them with leadership experience and an opportunity to play a meaningful role in the lives of others. Some of the activities that the Peer Leaders are involved in include (but are not limited to):

1. Food Collection and Donation to the Lazarus House
2. Promotion of alternative Drug-Free school and community activities
3. Senior Citizen Olympics
4. Developing a Recycling program "MHS - GO GREEN"
5. Student Activity Open House

Although all students are welcome to participate in the program, it is expected that they adhere to the guidelines of the student handbook and are willing to follow the ideals of a drug-free, violence-free school and present themselves as role models to their peers.

Key Club officers are:
Emily Sullivan as President
Meaghan O'Donnell as Vice-President
Matt Baddour as Treasurer
Allison Hajjar as Secretary

Students volunteer with a local Dream Factory chapter and raise funds to help provide chronically ill children with special dreams. Currently, there are more than 30 chapters across the United States with over 5,000 volunteers who work to produce and deliver dreams, visit children and families in the hospital and their homes, arrange special celebrations and conduct fundraising events for individual children.

Adopt-A-Grandparent

Adopt-A-Grandparent is a group designed to bring senior citizens and high school students of the community together. This organization is open to any high school student wishing and willing to interact with senior citizens.

Through the year, many activities will take place both in and out of school. Some of these activities may include: 45's tournaments, shuffleboard, catering a breakfast, dancing, jazz concerts, engaging in conversations, and holiday activities.

This is a community service project that must be taken seriously by its members. Members of this group must be responsible and respectful of the people around them. As a student of Methuen High School, it is important for each individual to represent our school in a positive way and carry our pride into the community.

Through a collaborative effort, we hope to bring together Methuen's eyes of the past with the eyes of the future.

Best Buddies

The mission of Best Buddies is to enhance the lives of people with intellectual disabilities by providing opportunities for one-on-one friendships. People with intellectual disabilities are often excluded from society because of their differences. Best Buddies is determined to end social isolation for people with intellectual disabilities by establishing meaningful, lasting one-on-one friendships with their non-disabled peers. There friendships help increase self-esteem, confidence, and the abilities of people with and without intellectual disabilities

Ultimate Frisbee Club

Advisor: Jeff Bellistri

Ultimate Frisbee. A game, a myth, a legend, a legacy. Every chance we get on the field is not just a game, but an opportunity. An opportunity for greatness. We are the ones called upon to bring this magnificent sport to our city.

When we are standing on that field, we are not the new kids on the block. On that very field we are not seniors. We are not juniors, sophomores, or freshman. We are not students or teachers. We are not whites, blacks, Hispanics, or Asians. We are Frisbee players. Not only are we Frisbee players, we are friends. We are brothers, sisters, and cousins. We are family. We are the few, the proud, and by the end of our game, you *will remember the name..... Ultimate Frisbee.*

The Robotics Club is a club in which members build, program, and operate robots. The main goals are to provide students with a chance to learn about technology, mechanics, programming and engineering, to raise community awareness about engineering and robotics, and to have fun.

If you like bagels, a good book, and lively conversation to start your day, then Books & Bagels is your kind of club. Any student can join; all you need is a love of reading and the willingness to participate in the student led book discussion. B & B members meet monthly in the Media Center, eat bagels and discuss the student chosen book of the month. Our goal is simple: Have Fun & Read a Good Book!

The twenty-fourth annual science fair took place on February 3rd, 2009 in the Methuen High School media center. There were 30 participants with projects from Biology, chemistry and physics. Students chose topics in September and worked hard researching, developing and preforming experiments, which were presented using poster boards and videos. Some of this year's projects included: the effect that the thickness of materials have on sound, the effect of temperature on the rate of a reaction, and the bright side of gas. The top five winners for this year were: Rachel Foster, Scott Yim, Kelly Gearan, John Mosley, and Rebecca Guselli.

The Multicultural Club Voices of the Culture is a grassroots movement that was founded by the Class of 2007 that identified a need to develop different support and guidance serves for students that are new to the country, come from a difference culture, or are new to Methuen High School. This group encourages and promotes individual self-awareness and growth by learning more about their own culture and heritage, while learning to embrace other cultures other than their own. The group hopes to improve the student/staff relations by having more multicultural awareness and celebrating the diversity that is represented at this school. The goal of this group is to provide students with the means and support to share information, build and engage in collaborative initiatives focused on the positive growth of the Methuen High School culture and spirit.

Military Ball

The goal of JROTC is to motivate young people to become better citizens. Through this program, cadets learn discipline, leadersip skills, and most importantly, respect for themselves and others. Basic civil commands are leadership as well as basic military history. The Military Ball, pictured here, is JROTC's biggest event of the year. The Corps of Cadets is growing every year, as more students become interested in this vigorous program.

We would like to dedicate

CarolAnn Kousois

CarolAnn was a very warm and caring person who had a contagious laugh. Although she was only with us a short time at Methuen High School, she made many strong and meaningful relationships with students and staff alike. Because of her warm and compassionate demeanor students would affectionately refer to her as Grandma. CarolAnn was fun loving and had very strong family ties. Every day after school she would go to her son's house and wait for her granddaughters to arrive home from school. CarolAnn enjoyed spending time with her grandchildren. CarolAnn had a hobby of collecting cows that overflowed to the health office at school. She would bring a variety of cows into the health office in order to celebrate the appropriate holiday. CarolAnn really enjoyed celebrating holidays and would always come to work dressed for the occasion. CarolAnn came to Methuen High School in September 2007 with many years of nursing experience. She had a strong work ethic and was very professional in carrying out her duties on a daily basis. She will be sadly missed and remembered by the students and staff who were fortunate to know her. *By Patricia Comeau.*

Retired Sergeant Major Mark F. Fisher passed away unexpectedly on August 16, 2008 at his home. He entered the United States Army in 1972 and was a member of the elite 10th Special Forces Group. He proudly wore the Green Beret for most of his twenty three year military career. After his retirement from active duty, SGM Fisher helped to initiate the JROTC program at Methuen High School, where he was an integral part of the students training.

SGM Fisher taught the cadets to respect one another and to take responsibilities for their actions. He led by example and helped many cadets find a pride in themselves that had been missing. He related to those students who often fell between the cracks and was successful in reaching many of them in a positive way. "Drop and give me twenty" was a phrase frequently heard in the PA area as cadets chewed gum or wore Yankee gear or spoke out of turn. We shall all miss hearing We like it, we love it, we want more of it, more PT, Sergeant Major, More PT! *By Laurel McMahon.*

John Webb

Some people come into your life for a SEASON, because your turn has come to share, grow or learn. They bring you an experience of peace or make you laugh. They may teach you something you have never done. They usually give you an unbelievable amount of joy. Believe it, it is real yet only for a season. People come into your life for a reason, a season or a lifetime. When you know which one it is, you will know what to do for that person. When someone is in your life for a REASON, it is usually to meet a need you have expressed. They have come to assist you through a difficulty, to provide you with guidance and support, to aid you physically, emotionally or spiritually. They may seem like a Godsend and they are. They are there for the reason you need them to be. Then, without any wrong doing on your part or at an inconvenient time, this person will say or do something to bring the relationship to an end. Sometimes they say goodbye and sometimes they die. What we must realize is that our need has been met, our desire fulfilled, their work is done. *Author Unknown.*

John Webb was a good friend and a good teacher. He was always the one to say hello first in the hallways. He dedicated an immeasurable amount of time developing the SPED Science curriculum and finding ways to help students learn the material. John ventured out and worked with students with multiple disabilities in Methuen's Extended Year Program over the past few summers. It was always evident that he enjoyed teaching; he took a sincere interest in every student he worked with. He is missed by all. *By Mary Coleman-Kennedy, Gary Dionne and Kevin Geary.*

"Most of us serve our ideals by fits and starts. The person who makes a success of living is the one who sees his goal steadily and aims for it unswervingly. That is dedication."
-Cecil B. de Mille

A Word of Thanks from Mrs. Hudson...

It is so hard to believe... Another year of an enormous amount of work has gone by. A big thank you to all the members of our administration, faculty, staff and student body that in one way or another helped make our path smoother.

Karen Hallbauer and Mr. Nick, thank you for continuously supporting and cheering us on. Thanks to our teachers for being so cooperative with the yearbook staff. Julie Chopas, Bill Silver, and Joe Santy for always being ready to give us technical assistance. Laurel McMahon, Glen Gearin, Nick Collopy, Jeff Bellistri, Larry Lambert, Laurel Bakker, Maureen Melanson for their various organizations write ups. Karen Fitzgerald and Emily Masterson and all their wonderful students who provided us with candid pictures. Bill James, Jenny Kravitz, James Sheehan, Jeff Osgood, Fran Molesso, Jason Smith, Peter Kitsos and students Steve Fitzsimmons, Allison Ross, Caitlin Pandoplh, Abbi Massey and Lindsay Pare for assisting with our sport pages. Ah yes, the girls ~ Anita DiCroce, Joy Santoro, Ellie Sicard, Louise Troia and our newest addition Sandy Gilbert ~ Louise retired earlier on in the school year and Sandy picked up right where Louise left off! We are really blessed to get the kind of help we receive from these wonderful ladies.

Our parent volunteer, Robin Gordon, and her son Matt Gordon ~ for the last four years this pair have worked behind the scenes with many things most especially with getting local businesses to support us. Matt is graduating this year, and we will miss him and his mom. All the best with the future Robin and Matt! Our local businesses that saw it fit to advertise with us despite the tough economic situation ~ thanks for your contribution!

On behalf of the Methuen High School family, I would like to extend my gratitude to our 2008-2009 retirees ~ Louise Troia, Gary Banks and Dean Brouder. Didn't thirty-five years go by in a flash? Thank you for your time and hard work you put in over the years for your countless students and colleagues. W will truly miss you all. We wish nothing but the best for you in your retirement.

I cannot say enough about my wonderful, hard working, patient staff and interns ~ Hillary Butts, my able editor-in-chief with whom I have worked for four years. I remember when this little girl walked into my very first yearbook meeting (she was the first there), not shy at all and with a smile on her face, she said, Hi, I would like to join the yearbook staff. Right there and then I ask her to be my freshman editor and she said fine! From that moment, I knew we would be a team, because like me, she did not bother to ask what we were getting into... I have watched her grow from a little girl into a young woman. This year, she demonstrated the ability of true leadership. She was able to delegate jobs and made staff and interns feel important enough to complete their work without having to push them. With the support of her parents, Ralph and Chrystine Butts, Hillary became an asset and helped me keep all thirty of my staff members and interns this year! A big thanks to this wonderful staff that kept this ball rolling ~ great job!
Congratulations to our yearbook seniors ~ Hillary Butts, Kristen Pinciak, Katelyn Dipietro, Krista DiGloria, Abigael Massey, Elizabeth Demers, Seema Patel, Sarah Carney, Elisa Rodriguez and Ironelis Rodriguez. It was great working with all of you, and I wish you all the best.
Congratulation class of 2009 ~ I wish you all a bright future!

Kristine Lindsay

From kindergarten through high school , you two have made so many memories and had so many laughs. As you continue and experience new adventures always remember your parents are so proud of you both!
Love from both of your families. Good luck in college and enjoy every minute of it.

You have brains in your head.
You have feet in your shoes.
You can steer yourself in any direction you choose.
You're on your own.
And you know what you know.
You are the guy who'll decide where to go.

Obama's grassroots organization and innovative Web campaign is credited with inspiring young and first-time voters to participate heavily in the election.

The values, fashion and personal vitality of the Obama family resonate with Americans. Public interest in the first family rivals that of the interest in the Kennedy family in the 1960s.

Changing our World

Environmentally conscious consumers use items such as reusable cloth shopping bags and Klean Kanteen water bottles that don't leak harmful chemicals like BPA.

Public bicycle sharing systems, already popular in Europe, roll into American cities like Washington, D.C., to help fight traffic congestion and reduce pollution.

Tight money and high gas prices push auto manufacturers to investigate super fuel-efficient and electric cars. The Chevrolet Volt is an early contender and the tiny "Smart" car is already on American roads.
